

## JOB DESCRIPTION

---

**Job Holder:**

**Job Title:** Motion Graphic Designer

**Location:** Slough

**Reports To:** Creative Director, EMEA

---

AVC Live Ltd a PSAV Company is an exciting and dynamic Technical Production Company working throughout the UK and Europe with a high profile client portfolio.

We are looking for a talented Motion Graphics Designer who uses After Effects & Cinema 4D, likes to work in a team, has good communication skills and is willing to increase their software experience over different media.

The studio delivers design for digital, motion graphics, 3d set visuals, animations, on-screen content and touchscreen applications.

We are seeking an enthusiastic individual to help on external and internal projects at our HQ located in Slough. The ideal candidate will demonstrate a high level of creative and conceptual thinking coupled with a keen eye for detail. They will be proactive, hardworking and motivated.

**Experience and skills required:**

- Excel in motion graphics and compositing within AE
- Good understanding of animation techniques and plugins within AE
- Experience animating in Cinema 4D and rendering
- Concept and storyboarding skills
- A good eye for detail
- Up to date with current motion graphic trends
- Excellent communication skills
- Previous experience in a similar role

**Software Requirements:**

After Effects  
Adobe Photoshop  
Adobe Illustrator  
Cinema 4D  
MAC OSX

On applying please send your CV with your salary expectations and an up-to-date show reel to [careerseurope@psav.com](mailto:careerseurope@psav.com)
